

M. L. Ryder Publications July 1987 - 2000

- RYDER, M.L. (1987) Merino history in old wool *Textile History* 18 (2) 117-132
- RYDER, M.L. (1987). The natural pigmentation of animal textile fibres. pp 3-21 in Garland, H. E. (ed.) *Proc. 5th York Archaeological Trust Meeting on "Dyes in Historical and Archaeological Textiles"* 1986.
- RYDER, M.L. (1987). A note on the wool type in carpet yarns from Pazyryk. *Oriental Carpet and Textile Studies* III (1) 20-21.
- RYDER, M.L. (1987). The measurement of wool fibres in yarns as an aid to defining carpet type. *Oriental Carpet and Textile Studies* III (1) 134-152
- RYDER, M.L. with B. A. L. Cranstone (1987). Why are pigs (and some other animals) not milked? *J. Anthropol. Soc. Oxford* 18 (2) 177-182
- RYDER, M.L. (1987). Sheepskin from ancient Kerma, Northern Sudan. *Oxford J. Archaeol.* 6 (3) 369-380
- RYDER, M.L. with Thea Gabra-Sanders (1988). A note on cuticular scale-length in goat fibres. *J. Text. Inst.* 79 (2) 330-332
- RYDER, M.L. (1988). Danish Bronze Age Wools. *J. Danish Archaeology.* 7,136-143
- RYDER, M.L. (1988). Cashmere Production in China. *Textile Horizons* 8 (8), 34-36
- RYDER, M.L. (1989). A Note on the Sheep that Grew the Wool for Channel Island Knitwear. *Textile History* 20 (1), 13-19
- RYDER, M.L. (1989). Report on the Enkomi wool. pp 154-5 in Tatton-Brown, V. A. (ed.) *Cyprus and the East Mediterranean in the Iron Age*. British Museum Publications, London
- Keynote lecture: Bucking the Trend with Coloured Wool. pp. 3-13 in Erskine, K (ed.), *Proc. 3rd World Congress on Coloured Sheep, USA, 1989*
- RYDER, M.L. (1989). Possible skin and hair fibres. pp 121-124 in Ashbee, P, Bell, M. & Proudfoot, E. *Willsford Shaft Excavations 1960-62*. English Heritage Archaeological Reports 11
- RYDER, M.L. (1990). Skin, and Wool-Textile Remains from Hallstatt, Austria. *Oxford J. Archaeol.* 9 (1), 37-49
- RYDER, M.L. (1990). Measuring wool. *The Sheep Farmer* Nov/Dec. 26-27

RYDER, M.L. (1990). Goat fibre and its production. *Proc. 8th Int. Wool Textile Research Conf. Christchurch, New Zealand.* 11, 241-266

Reproduced in Italian in *Laniera*, Anno 104 (4) 555-564 (1990)

RYDER, M.L. (1990). Differences in hair and fleece loss. *Nature* 348, 22 only

RYDER, M.L. (1990). The Winchester Wools pp 490-92 in Biddle, M. (ed.) *Object and Economy in Medieval Winchester* Oxford University Press

RYDER, M.L. (1990). Wool Remains from Scythian Burials in Siberia. *Oxford J. Archaeol.* 9 (3), 313-321

RYDER, M.L. (1990). The Natural Pigmentation of Animal Textile Fibres. *Textile History* 21 (2) 135-148

RYDER, M.L. (1990). The Kendal Pattern Book. *Textile History* 21 (2) 223-243 (with others).

RYDER, M.L. (1991). The last word on the Golden Fleece legend. *Oxford J. Archaeol.* 10 (1), 57-60

RYDER, M.L. (1991). Merino Sheep: Bringing Fine Wool Production to the UK. *Economist Intelligence Unit, Textile Outlook International* January 1991 pp. 78-88.

RYDER, M.L. (1991). The Biology and History of Parchment. pp.25-33 in P. Ruck (ed.) *PERGAMENT - Geschichte, Struktur, Restaurierung.* (Sigmaringen: Jan Thorbecke).

RYDER, M.L. (1991). Merinos in a post-communist landscape. *Textile Horizons* 11 (10) 8-11

RYDER, M.L. (1992). L'evoluzione del vello. *Laniera* 106, 73-80.

RYDER, M.L. (1992). Iron Age, haired animal skins from Hallstatt, Austria. *Oxford J. Archaeol.* 11, 55-67.

RYDER, M.L. (1992). Wool and Hair in the Middle East and Mediterranean Textile Horizons 12 (2/3) 8-9

RYDER, M.L. With Thea Gabra-Sanders (et al.) (1992). Textiles from Fast Castle, Berwickshire, Scotland. *Textile History*, 23, 5-22.

RYDER, M.L. (1992 for 1990). Skin and Wool Remains from Hallstatt. *Mitteilungen der Anthropologischen Gesellschaft in Wien.* 120, pp. 103-112.

RYDER, M.L. (1992). Home thoughts from Abroad. *The Sheep Farmer* July 34-35

RYDER, M.L. (1992). The interaction between biological and technological change during the development of different fleece types in sheep. *Anthropozoologica* no. 16, pp. 129-138

RYDER, M.L. (1993). Coats of Himalayan Ruminants Elucidated by Study of a "Yeti" Skin. *The Linnean* 9 (1): 21-26

RYDER, M.L. (1993). Wool at Danebury - A speculation using evidence from elsewhere *Oxford J. Archaeol.* 12 (3) 305-320

RYDER, M.L. (1993). The Use of Goat Hair - an introductory historical review *Anthropozoologica* (17) 37-46

RYDER, M.L. (1993 for 1992). Skin and wool remains from Hallstatt. *Circaea* 10 (2) 69-78

RYDER, M.L. (1993 for 1992). What are we measuring? *Circaea* 10 (2) 81-82

RYDER, M.L. (1993). Sheep and goat husbandry with particular reference to textile fibre and milk production. pp. 9-32 in Postgate, J. N. & Powell, M. A. (eds.) "Domestic Animals of Mesopotamia Pt 1" in *Bull. Sumerian Agriculture*. 7

RYDER, M.L. (1993). The textile fibres and the sheep figurines. pp. 204-207 in Taylor, A. "A Roman Lead Coffin with Pipeclay Figurines from Arrington, Cambridgeshire" *Britannia* 24, 191-225

RYDER, M.L. (1994 for 1993). Fascinating Fullonum. *Circaea, The Journal of the Association for Environmental Archaeology* 11 (1) 23-31

RYDER, M.L. (1994). Did the Seven-Day Week have a Biological Origin? *Biology History* 7 (1): 27-38

RYDER, M.L. (1994). Hair in caulking from Fennings Wharf boat fragments. Appendix 7, p. 211 only in Marsden, P. *Ships of the Port of London. First to eleventh centuries AD.* English Heritage Archaeological Report No. 3

RYDER, M.L. (1994). Wool: the ideal textile fibre. *Biologist* 41 (5) 195-198 (November 1994).

RYDER, M.L. (1994). Observations on Vlach sheep-milking and milk-processing in south east Europe. *Anthropozoologica*, 1994, (20) 3-10

RYDER, M.L. (1995). Silk: a touch of luxury. *Biologist* 42 (2), 52-55 (April 1995)

- RYDER, M.L. (1995). Fleece Grading and Wool Sorting: The Historical Perspective. *Textile History* 26 (1), 3-22,
- RYDER, M.L. (1996). Is the Fullers' Teasel (*Dipsacus sativus*) really a distinct species? *The Linnean* 11 (4), 21-27
- RYDER, M.L. (1996). Hair in the boat caulking. Appendix 3, pp. 200 to 207 in Marsden, P. *Ships of the Port of London. Twelfth t o seventeenth centuries AD*. English Heritage Archaeological Report No. 5
- RYDER, M.L. (1997). A Note on the Hair Measurements of Domestic Dogs. *The Linnean* 13 (2), 39-44
- RYDER, M.L. (1997). The interaction between early textile technology and the development of different fleece types in sheep. *Ars Textrina - A Journal of Textiles and Costume* 28 21-44. Winnipeg, Canada.
- RYDER, M.L. (1998). Animal Hair in Medieval Ship Caulking Throws Light on Livestock Types. *Environmental Archaeology* 2, 61-66
- RYDER, M.L. (1999). Probable Fibres from Hemp (*Cannabis sativa* L.) in Bronze Age Scotland *Environmental Archaeology* 4, 93-95
- RYDER, M.L. (2000). Breed differences in hair measurements of domestic dogs. pp. 251-255 in Crockford, S. J. (ed.) *Dogs Through Time: An archaeological Perspective*. British Archaeological Reports International Series 889 (Oxford: Archaeopress)
